### **Task Force Interpretation:**

**1.3 High Demand/Emerging Technologies** - Students are capable of successfully performing in a variety of roles in business and industry including high demand and emerging technology industries.

1.31 Business and industry skills for high demand jobs

1.32 Business and industry skills for emerging technology jobs

1.33 Meeting employment and training needs

### **Explanation of Interpretation of Intent of High Demand/Emerging Technologies Ends Policy**

Recognizing that the Job Readiness and Career Development Ends Policies largely focus on successful performance of a variety of roles in business and industry, this interpretation focuses on High Demand/Emerging Technologies. The word student in the statement above includes both credit and non-credit participants. The High Demand/Emerging Technology Ends Policy is intended to focus on areas that can be identified by Department of Labor forecasts, job projectors, area business and industry, advisory groups, and research as High Demand/Emerging Technologies.

As a leader in High Demand/Emerging Technologies, NC State will meet employment and training needs for high demand industries and emerging technology in the region it serves.

NC State will establish and maintain strong connections with area leaders. This includes community leaders, industry leaders, and advisory boards in order to develop relationships that provide input for college progress and development. As part of this role, the college will participate in leadership and involvement in area economic development, and membership in area organizations. Its faculty and students will make connections and participate in training for High Demand/Emerging Technology areas.

### **How NC State will Know the High Demand/Emerging Technologies Ends Policy has Been Achieved?**

Successful completion of this ends policy will result in NC State meeting the High Demand/Emerging Technology needs of regional employers. NC State will have a reputation in Ohio as a training leader for High Demand and Emerging Technology industries.
