## Adjunct Faculty

### Microbiology

#### NEEDED FOR SPRING SEMESTER 2018

North Central State College is seeking adjunct faculty to teach the following course for Spring semester 2018 (starting January 16, 2018):

Course	Schedule	Course Description	Desired Qualifications
<b>Microbiology BIOL 1570</b>	<b>Lab Mondays 8 AM – 10:50 AM</b>  <b>Lecture Mondays 12 PM – 2:50 PM</b>	This course is designed for science majors. It will examine the life of microorganisms to include their organization, functions, metabolic processes, growth, control genetics, evolution, and ecology. A study of diseases caused by various pathogens, the immunological response and the role of microorganisms in the environment and their uses in biotechnology will also be examined. In the laboratory, students will focus on the physical characteristics and biochemical requirements of bacteria. Students will be expected to identify an unknown microorganism using techniques and information learned in lecture and laboratory classes.	Masters preferred, 18 graduate hours in content area required

Please express your interest in this position by submitting a letter of application and résumé to:
